

**NAVAL AMBULATORY CARE CENTER, NEWPORT
MEDICAL LIBRARY
NEWPORT, RHODE ISLAND 02841-1002**

TECHNOLOGY PLAN

VISION STATEMENT:

1. The library will have computers that will have access to the Internet and Information technology that will support the overall mission.
2. The library will also have a CD-ROM to house 14 CD's that patrons can view from each of the computers. Eventually, the CD tower will be accessible to all computers through Naval Health Care New England.
3. The library is in the process of putting all their Medical Books on Marcive, to have in put into OCLC for borrowing privileges. The periodicals are already on the Union Catalog of Medical Periodicals (UCMP) and CRIARL.
4. The library would eventually have a Web Site for our listings of books, periodicals, and hours of operation.

TECHNOLOGY ASSESSMENT:

1. The library has six new Windows NT computers; all have Internet Services and Outlook for e-mail.
2. There are two staff members; 1 is the Director of the Medical Library and 1 is the Library Technician.
 - (a) The Director of the Medical Library will be training the patrons on Literature Searching on Internet Grateful Med, PubMed, Ovid, and the Loansome Document delivery feature.
 - (b) The Library Technician assists patrons on searching the Internet through Yahoo, etc.

GOALS, OBJECTIVES, ACTIVITIES:

Vision Statement Goals:

1. To have the library set up with computers available for the patrons.
2. To have the Director of the Medical Library give classes on Literature Searching for the staff of Naval Ambulatory Care Center, Newport and eventually give classes to Naval Health Care New England.
3. Have the CD-ROM tower accessible on each computer in the library and eventually available to all Naval Health Care New England.
4. To have the Medical Books on a system, such as OCLC, or on a Web site. Our periodicals are already on two systems.
5. Eventually, be put on the Naval Ambulatory Care Center, Newport Web Site with a listing of all our holdings; such as Medical Books and periodicals.

Vision Statement Objectives:

1. Have completed within one year – by the first two months into FY2000.
2. Start the training in January 2000. Within the year, start giving classes to Naval Health Care New England.
3. Have the CD-ROM tower available to the library computers by the first six months of the year 2000. Have the tower available to Naval Health Care New England within the next two years.
4. Have all the holdings of the library on the Web Site with in the next two years.
